Why Wellness NOW? Exploding the Myths and Exposing the Value

ABD Insurance and Financial Services presents a discussion on the role of wellness programs in attracting, securing and retaining top talent, understanding the economics and scalability of wellness and why to start small. The featured speaker is [Arlene K. Singer](#), Chief Executive Officer of WellCall, who will discuss and answer questions on these and other topics related to wellness programs in life sciences organizations.

- **When:** Thursday, September 20, 2007 4:30pm - 7pm
- **Where:** ABD Corporate Headquarters, 305 Walnut Street, Redwood City, CA

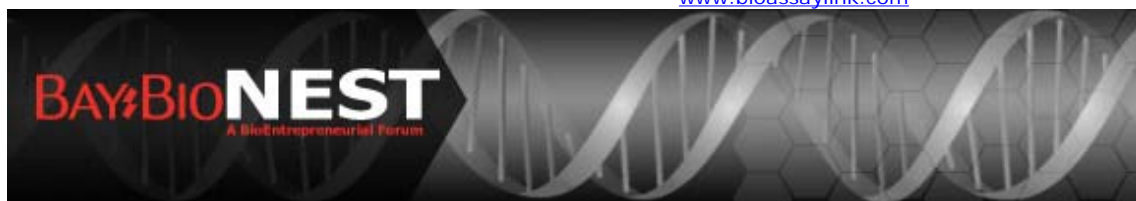

Registration begins at 4:30 pm, the Presentation and Discussion are from 5:00 pm to 6:00 pm followed by Wine and Cheese Networking: 6:00 pm – 7:00pm. This event is free for BayBio members and \$20 for non-members. Please RSVP to [Maya Hovey](#).

Member Profile

BioAssayLINK™ is the first global online biomedical lab matching service that rapidly matches seekers' specific requirements with worldwide biomedical providers. Seekers can quickly find their global lab options while providers achieve greater exposure to an international market increasing their opportunities for contract research/partnering. Services are targeted to all organizations involved in R&D of new medicines, devices, biologics, particularly those involved in drug discovery, proof of concept and biomedical research. Seekers submit and pay for lab options requests online. Providers are charged a nominal annual fee to list their core capabilities with BioAssayLINK in exchange for exposure to an international market and increased opportunities for contract research and partnering.

October 16: The Fifth Annual Life Sciences Entrepreneur & Investor Roundtables

This unique event is designed to foster introductions, conversations, brief pitches and exchange contact information between bioscience entrepreneurs and investors. The event will feature a roundtable format, with each table staffed by investors from VC firms and Angel Groups. Also featured at this event are local startup venues: Incubators, Research Institutes and Universities.

Calling All Investors! Investment Groups are free of charge. Get a preview of the new and exciting technologies and up and coming companies. We provide a table and up to three admissions free of charge. To participate as

a VC Fund, contact [Rob Gamble](#).

Calling All Entrepreneurs! Looking to pitch your idea or company to dozens of VC funds? Accomplish as much in one evening with us as you never would in one year on your own. [Then Register today!](#) Entrepreneurs, Investor Groups and Startup Venues registered by October 11, 2007 are encouraged to submit a half page company summary to be featured in the printed program.

[What is this?](#)

For program TEMPLATES and SAMPLES, see the [event web page](#).

All program submissions are due by 5:00pm on October 11, 2007. Please send your submissions to [Rob Gamble](#).
