

Laboratory and Consultant Options Report Summary

Title of Report: ELISA to detect anti-HCV E2 and/or E1 antibodies in animal and humans
Request Category: Target Molecule
 Animal Model
Specialized Technique
 Bioanalysis
 Genetic Polyphorphisms
Request From: YYY
Date Request Received: 17 June 2008
Date Options Report Available: 7 July 2008
Date Options Report Supplied: 7 July 2008
Paid Status: **PAID**

Contact Person			Contact Details			Name of Organization	Location of Provider				QA Level
Title	First Name	Last Name & Position	Email	Phone	Web/product		City	State	Country	Region	
Suppliers of HCV E1 & E2 antibodies											
								California	USA	North America	Clarify with supplier
								MD	USA	North America	Clarify with supplier
Companies interested in developing the HCV E2 and/or E1 ELISA kit											
Dr	Kathrin								Germany	Europe	ISO9000 and GMP like
	Rosemarie								Aust	Oceania	ISO 17025 (R&D) accreditation (see recent media release -9 Oct 2007)

Dr	Peter								Aust	Oceania	NATA accredited for OECD GLP. Compliant with US FDA 21 CFR58 GLP requirements.
Companies interested in validating HCV E1/E2 ELISA Kit and running samples											
	Rosemarie								Aust	Oceania	ISO 17025 (R&D) accreditation (see recent media release -9 Oct 2007)
Dr	Peter								Aust	Oceania	NATA accredited for OECD GLP. Compliant with US FDA 21 CFR58 GLP requirements.
Dr	Kathrin								Germany	Europe	ISO9000 and GMP like
Companies that have an ELISA kit to several HCV proteins											
	Khushroo								India	Asia	FDA licenced, ISO-13485 and WHO-GMP accredited
									USA	North America	Clarify with supplier
Attached relevant publications of possible Interest											
1) 2) 3)
